The Common Council
City of Fort Wayne, Indiana

Councilmen and Mrs. Schmidt:

The City is striving to coordinate all of the elements necessary to the establishment of the newly-created Division of Emergency Medical Services, created by Common Council legislation in April this year, by a target date of mid-September.

Insofar as bids for four emergency medical services vehicles have been opened following invitation, and insofar as delivery time varies between 80 and 110 days, with the earlier time dependent upon an immediate issuance of a purchase order by the City, such time allowing vehicle delivery in mid-September, the Department of Public Safety hereby requests "Prior Approval" of such ordinance to be introduced at Council tonight relative to such approval of the relevant bid document.

Many thanks.

Sincerely,

Thomas J. Casaburo
Director of Public Safety

THE CITY OF FORT WAYNE

June 11, 1973

The Common Council
The City of Fort Wayne, Indiana

Councilmen and Mrs. Schmidt:

In accordance with legislation passed by the Common Council in April of this year, establishing a Division of Emergency Medical Services within the Department of Public Safety, creating positions of Administrator and Emergency Medical Technician and setting salaries therein for such Division, and appropriating monies for the City's share of a grant from the Indiana Department of Traffic Safety and Vehicle Inspection for capital expenditures, bids have been invited and accepted by the Department of Purchasing for four Emergency Medical Services vehicles.

Such bids were opened on June 5, 1973, by the Department of Purchasing. Although bid specifications were delivered to six vendors expressing interest in such a bid, only one manufacturer entered a bid, with a delivery period of 80 to 110 days from date of order.

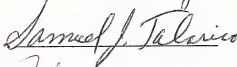

Since this makes the earliest date of delivery mid-September, which is when, given the successful coordination of all of the elements of the newly-created Division, the City desires to make the Division operational, we are now asking for "Prior Approval" for a purchase order to be issued to the sole bidder in an amount not to exceed the listed bid. This hopefully will prohibit any additional potential delay in delivery.

Sincerely,

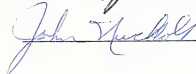

Thomas J. Casabury
Director of Public Safety
